Kia Ora Koutou,

As the Mayor of Ōtepoti, it is my pleasure to once again welcome you to our vibrant city and to another fantastic edition of the Dunedin Fringe Festival for 2019.

Since 2000, the Dunedin Fringe Festival has provided a platform for innovative new work in theatre, comedy, music, visual Arts and much more to converge on our city from around New Zealand and the world.

The Dunedin City Council is proud to support what has become one of the country's leading Fringe destinations, which provides a testing ground for new work, a link for international acts and an opportunity for Dunedin to consume a diverse range of high quality art.

The events of last year emphasise the importance of being an active supporter of the creative arts in our city. We have seen first-hand that the institutions that keep the cultural framework of Dunedin alive are not entitlements but living organisations that, without public support and participation cannot survive.

I implore you to devour this magnificent programme, go out and take part in all the weird and wonderful, the silly and the scary, and the poignant and inspiring that the Fringe has to offer. With such a variety of events offered by this festival there really is something for everybody to enjoy.

As ever, I am most excited for the *Polson Higgs Opening Night Showcase*. This is an excellent event that provides a smorgasbord taster of what is to come in the following eleven days of the Fringe Festival. Whether the warm embrace of the Regent Theatre seating is your second home or you are more familiar with the electric atmosphere of the Stadium, there will be something for you. This is an event for both the experienced and the curious.

Welcome to the 2019 Dunedin Fringe Festival: get out and enjoy the best of what our city has to offer.

Ngā manaakitanga

DAVE CULL

Mayor of Dunedin

Nau mai haere mai!

Welcome to the Dunedin Fringe Festival 2019.

If festivals were to have a gastronomical equivalent, the Dunedin Fringe is unashamedly the fish and chip festival. It's ubiquitous, kiwi as, affordable and can be consumed haute cuisine or on the beach in jandals. Unlike the deep-fried metaphorical however, consumption of fringe is good for you and medical professionals strongly encourage you to power binge this annual delicacy while it's in season. For eleven glorious days, you'll be able to choose from pretty much whatever takes your fancy - or be courageous and take a punt on the unknown. It was a brave person who tried the first oyster.

We've got an extraordinary programme for you this year thanks to our local creative community saving up their best ideas for fringetime. Biennial favourite *Lines of Flight* is back, and our theatre community has responded to the loss of its spiritual home with a magnificent set of events produced by the city's independent production companies. We're also honoured to be hosting an enviable troupe of international events and an impressive collection of cousins from the north, all fresh from other festivals. Let's give them a warm southern welcome.

When we're not restaging infamous political photos, we here at the Dunedin Fringe Arts Trust devote ourselves to enabling the city to flourish through supporting the creative industry. We are incredibly humbled by the support we in turn receive from the community, and a big thank you to our funders and supporters who make this possible.

To those who create art and the fringe whanau, thank you for your mahi and aroha. And thanks to you, the fringe audience. If art is supposed 'to comfort the disturbed and disturb the comfortable' (Cesar A. Cruz) I'm confident this Fringe will deliver as appropriate.

Koha Tickets

The Te Reo Māori word 'koha' has many meanings and is used in different ways by different iwi in Aotearoa. A common meaning is the offering of a 'gift' or 'donation' and this use has become popular as a way of asking people to make a donation either before or after an event.

Some koha/donation events offer an option to purchase guaranteed entry, which is especially useful when the venue has limited capacity. This will be marked in the event listing as 'S.E.A.T. \$3 (secure entry advance ticket)', and can be purchased like any other fringe ticket. Please note, you are only purchasing a reserved entry and the price primarily covers ticketing fees. The expectation is that you will still donate koha directly to the artists at the event, so be sure to bring an appropriate amount with you.

Stay Current

This guide is correct at the time of printing, but we strongly advise you to head to our website for updates, special deals and full detailed info at dunedinfringe.nz, or call into Fringe HQ and get the low-down first hand, we'd love to see you.

PERREUX AUDIO NIGHTS AT THE EMERSON'S FESTIVAL CLUB

Live music every Friday and Saturday night, selected by Nadia Reid. Enjoy great sounds and awesome ambiance in Dunedin's funkiest club between 10.00pm and 1.00am - for a ridiculously low \$5 cover charge.

Die Musikband distil the influences of krautrock, indie and psychedelic pop into a cocktail of danceable hypnotic jams. Your Friday night fun will see synths, guitars and drums combine for a set of spacious sweeteners and locked-down motorik grooves, while special guest acts promise a few surprising deviations.

Lars Von Trio are Craig Monk (guitar), Tenzin Mullin (bass), and Greg Cairns (drums). A new band of old hands, together they conjure sets of mesmerising psychedelic jams. Their music traverses genres in ways that confuse even themselves, although fans say their sound lies somewhere between Dirty Three and Gang of Four.

Dunedin's own psychedelic-folk outfit Tiny Pieces Of 8 will grace the Fringe Club stage this year. They are Deirdre Newall, Chris Schmelz, Rosa Cameron, Mitchell Frew and Grant Ramsay. Self-described "doom folk played with a positive attitude". TP08 put the Dada into folk and are not to be missed!

Rollercoaster is Oscar and Leo LaDell, two generations of authentic Blues, combined with the crackling energy of Jim Strang's drums. Oscar's powerful guitar playing combines with Leo's driving double and electric bass to create deep grooves as their voices tell the story.

CURATOR'S NOTE I am honoured to have been asked to curate this year's Perreux Audio Nights. The four acts I have selected represent a genre diverse and high-quality showcase of our current 'Dunedin Sound'. I am proud to be from here and adore the music that is created here. Please support and enjoy these nights - Nadia Reid.
